The decision passed by the National High Court on January 19, 2023, which upholds the contentious-administrative appeal filed by the Spanish BASKETBALL CLUBS ASSOCIATION (ACB) in relation to the participation of its clubs in the championships organized by the EUROLEAGUE COMERCIAL ASSETS S.A., -ECA- (the Euroleague and the Eurocup) and the threat of FIBA Europe to penalize the clubs that participate in the competitions organized by the ECA with the prohibition of participating in the official competitions organized by FIBA.

In particular, the ruling declares the nullity of the CSD resolution by which the agreements of the ACB Assembly ratifying the participation of their clubs in the international championships organized by ECA were rendered null and void.

ACB was represented by partner María del Mar Martín on this dispute.
